Earth Day Celebration
Theme –Planet Vs Plastic (54th anniversary)

Dear parents

The **theme of Earth Day 2024** is “**Planet vs. Plastic**”. This is about fighting the big problem of plastic all over the world. We at Open Sky want to bring people and community to work together. The goal is to make much less plastic, 60% less by 2040. Our students want a future without so much plastic. This is not just about having less trash, but it is also about keeping ourselves and the environment healthy.

Only having one day a year with the planet at the forefront just is not enough anymore. Earth day needs to be every day. It is time to be all in. For caring and loving our mother Earth, students are involved in week long activities on various themes and actions to discover SDG goals .

Classes	Topics
Class 1	Air pollution
Class 2	Water pollution
Class 3	Land pollution
Class 4	Plastic pollution
Class 5	Water conservation
Class 6	Global warming
Class 7	Conserving Endangered animals
Class 8	Managing fossil fuels
Class 9	Managing E- waste

Even our clubs and houses will also work together to protect our mother Earth

Donate Preloved Items

Give a little, Help a lot

Dear Parents

Kids can learn a lot about necessities and wants by recognizing what people live without. A common routine, but one that should not be overlooked, is having a family donation to a charity for those less fortunate. Ask your kids to search for items, toys or clothes that they no longer use and contribute those items in our collection box.

Let's be a Planet Pal and reuse by giving the things we don't need anymore.

Collecting these items

1. Toys, games
2. Stationery and books, bags, bottles
3. Clothes, bedsheets

Deposit the items by Wednesday, 18th April, 2024 during school working hours.
